## Are You Using It?

The *Guide* consists of more than 66 articles on all aspects of intelligence. It is intended to help instructors become familiar with intelligence-related subjects. *Guide* articles, written by both academic experts and seasoned practitioners, are introductions to the subject with recommended readings for further study.

*Guide* articles appear in AFIO's journal *Intelligencer* and as PDFs on the web at [www.afio.com/40\\_guide.htm](http://www.afio.com/40_guide.htm). They are free for academic use. If viewing this flyer online, the titles are linked to the online articles.
